

Outreach Update

October Review

Students have been working hard on their English courses, Content Literacy, and/or Science 24. We have been blending together CALM, Content Literacy, and English into a class in the mornings and it is going very well.

In the afternoons students are continuing to work on options of their choice. We went swimming and skating in PE. Many are working to complete the introductory Cosmetology course so we can get started on our first "hands on" module... manicures!

Fun Times!

In October students went out to pick Rat Root! We were lucky to have great weather and a strong harvest. Students should now be stocked up for the cold and flu season.

Eathel's Corner

I was talking to a frog the other day and I asked him what his cultural background. He said "Well, my mother was Spanish, but my father was a tad-polish."

Staff Spotlight

Christine Cardinal

Educational Assistant / Nutrition

About Me:

- This is my sixth year working at PVO.
- In my free time I like to go quadding.
- I have one daughter, one son, and one dog.
- I like to cook and spend time with my family and friends.
- I grew up in Grouard and have been in High Prairie for over 10 years.
- I assist students in the kitchen with their foods modules, and help students in general with their other courses.
- I like working here because every day is different. An EA in a regular classroom does the same thing everyday, but I help different students with different courses each day.

Report Cards & Parent Teacher Interviews

.....

Report Cards will come out by email on November 9th. Please make sure we have a current email address on file so that you receive your child's report card. Also, check your junk mail if you don't see it as parents often find it there.

We really hope to be able to touch base with all parents / guardians during parent teacher interviews on November 21st (4:30–6:30) and 22nd (5–7).

We would love to see you in person, but if you are unable to attend, we would also be happy to talk to you over the phone. Call us at (780) 523–4200.

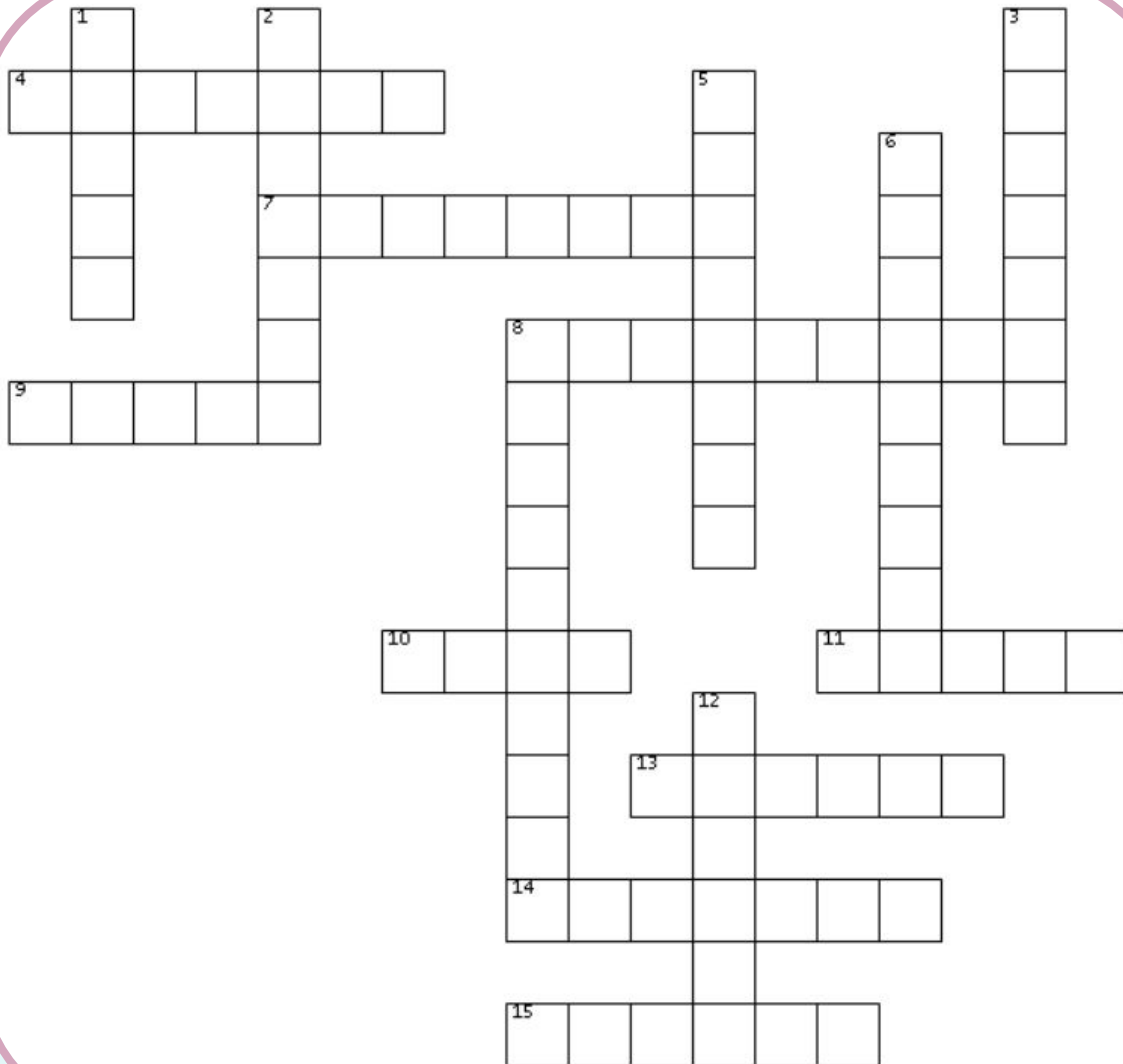

Lovely lasagnas made by students in foods... they were delicious!
